- Replacing Your Model A Timing Gear While on the Road**—29 minutes—Featuring Alex Janke & Bob Grady—Contents: How to diagnose a timing gear failure; How to remove the timing gear without removing the radiator; How to select a new timing gear; How to reinstall the new timing gear and get back on the road. \$24.95 each.
- Rebuilding Your Model A Ford Transmission**—44 minutes—Featuring Alex Janke & Bob Grady—Overview of transmission; Gear Case disassembly and reassembly; Shifting Tower repair, plus tips for swap meet shopping. \$24.95 each.
- Setting Engine Bearing Clearance on Your Model A Ford**—28 minutes—Featuring Bob Grady and Alex Janke. Contents: How to use tin foil or plastic gauge to establish bearing clearance; How to test clearance on each bearing; Understanding shim packages; Cautions and hints from the experts. \$24.95 each.
- Rebuilding Your Model A Ford Shock Absorbers**—72 minutes—Featuring Alex Janke. Contents: This seminar takes you through the entire process of rebuilding shocks. It shows you how to “cook” your shocks safely, how to disassemble them, saving parts that can't be replaced or are very expensive; and how to rebuild the shock. Done right, this process can save you a great deal of money over buying remanufactured units. If you are building a show car, you must have the right shocks installed on your car according to the judging standards. This process will help you take swap meet finds and turn them into like-new units. Video is in four parts: History, Disassembly, Reassembly, and Bibliography. All four parts are on the same DVD. \$24.95 each.

- Annual Tour Preparation—54 minutes**—Featuring Alex Janke & Bob Grady—Contents: 38 maintenance routines every Model A owner should perform each year before beginning the touring season. PLUS there is a 10-minute BONUS video that shows you how your Model A manifolds should be planed or decked so they fit perfectly flush against your engine block and the manifold gasket seals properly preventing vacuum leaks. You will use this maintenance assistance every year. Model A's need frequent attention. They do not have modern technology that allows maintenance intervals of 100 miles or more. A Model A needs maintenance work every 500 miles. Don't let your first tour of the season be the time you learn about maintenance problems. \$24.95 each.
- Mounting a Tire & Replacing an InnerTube—29 minutes**—Featuring Bob Grady & Alex Janke—Contents: Demonstration of removing a tire from the wheel using tape-wrapped tire irons. Installing a new innertube and remounting the tire to meet judging standards. Also, a demonstration of how to replace an innertube while the tire remains on the car along the side of the road. \$24.95 each.
